

# 77 in Thelemic and Luciferian Gematria

Two simple words, and a pathetic number game explain Crowley's entire ideology. ΚΕΦΑΛΗ ΟΖ (lit. 'heading 77'; ΟΖ means Goat in Hebrew, and is 77 in gematria) from Crowley's *The Book Of Lies*, hints at these two words without fully exposing to the reader the implied meaning of what lies behind Thelema. The little word game this pathetically evil occultist was implying is explained below, and is simply an analogue of copulation.

FIRST WORD: HAYLAL (LUCIFER/LIGHT BEARER)

SECOND WORD: LAYLAH (NIGHT/DARKNESS)

GEMATRIA TOTAL 75

GEMATRIA TOTAL 75

ה ל א ל ה

77

Both Hebrew written words contain only 4 consonants. When spoken they both require two A sounds to be added. This is the name of Crowley's cult, called the A.'.A.'. and each A (Aleph א) has a value of 1, transforming both words from 75 to 77; the gematria of OZ, the Goat.

Lucifer – Light

MALE ACTIVE ENERGY

Had/Hadit is the name of the character who plays the role of the phallus, the Beast in Crowley's 'cosmology' of copulation. Had/Hadit is thus a stand in for the term 'Lucifer' meaning the bearer of the light or seed that fertilizes the dark space of the universe which comprises the female aspect known as Nuit/Laylah; just as sperm is the active principle/seed that fertilizes the large passive ovum. Thus calling Thelema a Luciferian doctrine is correct, however the dependence on the concept of material lust further reveals it to be just another form of Satanism.

FEMALE PASSIVE ENERGY

Nuit is the name of the vault of heaven, the dark vacancy of space, waiting to be penetrated by the light/seed of Had, the phallic energy of light. When combined in a special way they annihilate their respective forms and produce matter, the 'child of their lust', the product of pure 'Will' known as Thelema by Crowley. 93 is the number of Thelema in gematria, and 93 is thus the primary number of significance for Thelemites. This whole process mirrors Isis + Osiris = Horus the primary Egyptian platonic triad, thus Crowley referred to the 'Horus Child'

## Secret NWO Headquarters Located Just North Of Antarctica?

The New World Order of the NWO as it has been known for short has been known to many as a conspiracy theory. The NWO is a group of wealthy powerful, and influential individuals determine to well create a one world order of things. In other words having individuals conform to what is governed not being given their civil rights so to speak.

### Top Secret NWO Head Quarters Discovered?

For years now it has been disputed that such as organization even existed. After all, if it did exist where was the main headquarters of operation? Well. Guess what it would seem that now this question can be answered and some firmly believe that have discovered the undisclosed location of the NWO headquarters.

# High Level FBI Agents Discussed "Insurance Policy" to Stop Trump Winning the Election

## "We can't take that risk"

Paul Joseph Watson | Infowars.com - DECEMBER 13, 2017 15 Comments

**Amidst the 10,000 text messages sent between anti-Trump FBI agent Peter Strzok and lawyer Lisa Page is a bizarre exchange revealing how the two, almost certainly with Deputy FBI Director Andy McCabe, discussed an "insurance policy" to stop Donald Trump winning the presidential election.**

"I want to believe the path you threw out for consideration in Andy's office — that there's no way [Trump] gets elected — but I'm afraid we can't take that risk," Strzok wrote to his mistress, adding, "It's like an insurance policy in the unlikely event you die before you're 40."

The message was dated August 15, 2016 and the "Andy" referred to in the message could only have been Deputy FBI Director Andy McCabe, who was almost certainly party to the conversation given that it took place in his office.

What kind of "insurance policy" were high level members of the FBI discussing to prevent Trump from winning the election less than three months before it took place?

# FBI Officials Discussed 'Insurance Policy' to Prevent Trump From Becoming President

News Commentary

By Rusty | Featured Contributor | December 13, 2017 12:08PM

It sure stands to reason that if you were plotting ways to prevent Donald Trump from *becoming* President *before* the election, then you were likely plotting ways to *remove* him from the White House *after* the election.

Such is the case of Peter Strzok, a key player in Special Counsel Robert Mueller's original Russia probe, who had to be 'reassigned' after sending anti-Trump text messages to his girlfriend, FBI lawyer Lisa Page.

We learned earlier today that the pair were perfectly willing to engage in pre-teen banter about then-candidate Trump, referring to him as a "douche" and a "f\*\*\*ing idiot."

Now, however, another message has surfaced that seems to indicate something far more sinister – FBI officials discussing an "insurance policy" to eliminate Trump from the presidency should he go on to win.

"We can't take that risk," Strzok says of the thought that Trump would likely lose the election. "It's like an insurance policy in the unlikely event you die before you're 40."

Two FBI officials who worked on Special Counsel Robert Mueller's Russia investigation exchanged text messages last year in which they appear to have discussed ways to prevent Donald Trump from being elected president.

"I want to believe the path you threw out for consideration in Andy's office — that there's no way [Trump] gets elected — but I'm afraid we can't take that risk," FBI counterintelligence official Peter Strzok wrote in a cryptic text message to Lisa Page, an FBI lawyer and his mistress.

"It's like an insurance policy in the unlikely event you die before you're 40," Strzok wrote in the text, dated Aug. 15, 2016.

Andy is likely Deputy FBI Director Andrew McCabe.

**(U) Symbols and Logos Used by Pedophiles to Identify Sexual Preferences**

(U//FOUO) This intelligence bulletin addresses Crimes Against Children Standing Intelligence Requirements Set contained in Q-FBI-2200-005-06, HRWC CAC-V1.A.5.

(U//LES) Pedophiles, to include those who sexually abuse children as well as those who produce, distribute, and trade child pornography, are using various types of identification logos or symbols to recognize one another and distinguish their sexual preferences. To specifically indicate the pedophile's gender preference, members of pedophilic organizations encourage the use of descriptions such as "boylove", "girllove", and "childlove."<sup>1</sup> These symbols have been etched into rings and formed into pendants, and have also been found imprinted on coins.

(U) The BoyLove logo (BLogo) is a small blue spiral-shaped triangle surrounded by a larger triangle, whereby the small triangle represents a small boy and the larger triangle represents an adult man.<sup>2</sup> A variation of the BLogo is the Little Boy Lover logo (LBLogo), which also embodies a small spiral-shaped triangle within a larger triangle; however, the corners of the LBLogo are rounded to resemble a scribbling by a young child.<sup>3</sup> Images of the BLogo and LBLogo symbols are depicted below.

## Blackstone or BlackRock, confused? CEOs Steve Schwarzman and Larry Fink actually did it on purpose

- Blackstone's Steve Schwarzman tells the behind-the-scenes story about the similar names.
- Larry Fink's BlackRock started as part of Blackstone.
- Fink suggested "BlackPebble or BlackRock" for a name when he branched out on his own, Schwarzman recalls.

*"America isn't content just by getting by. America is about getting ahead, about finding the best in ourselves and in each other. We are reclaiming our destinies as Americans, a nation that thinks big, dreams bigger, and always reaches for the stars. We didn't become great through massive taxation and Washington regulation. And, by the way, we are cutting regulation at a rate never seen before in the history of our country.*

*We became great because our people, our families – and because of our freedom. We became great because of our drive to find the next horizon, to unlock the next mystery, and to begin the next adventure. You know what I'm talking about. *When government loosens its grip, there is no summit we cannot reach. Our tax cuts will break down, and they'll break it down fast -- all forms of government, and all forms of government barriers – and breathe new life into the American economy. They will unleash the American worker; they will tear down the restraints on discovery, innovation, and creation; and they will restore the hopes and dreams of the American family."*

# YOU MUST

# UNLEARN

WHAT YOU HAVE LEARNED

You really don't understand it, do you? He **needs** to only provide crumbs. We need to find the truth **ourselves**, with as little help as possible. Otherwise too few people would believe. *This is paramount.*

People have tried to tell the truth (think of famous celebrities), and guess what happens? We don't believe them, ridicule them, and they most likely get offed or worse.

It is so incredibly important to understand this. And it's important we meme it that way; don't lay it all out for the normal fags, but ask questions. *Lead* them to the answers, and make them think they came up with it themselves. That's how you redpill.
